Monday - 27 September 1971

1. Bill Woodruff, Counsel, Senate Appropriation Committee, advised of a letter Chairman Ellender received from a enclosed a response he had received from senator Fulbright to a query he mearlier about a newspaper article stating that the Agency was about to get involved again in internal politics in Bolivia. Fulbright responded that he doubted the Agency was involved in this kind of thing but went on to say that " such legislative oversight as is exercised over CIA is conducted by the Armed Services and Appropriations Committees." Fulbright added that several efforts to change this arrangement in the Senate had been unsuccess Hancock has subsequently written to Ellender asking whether allegations in the article of CIA involvement in Latin America governments were true. Woodruff proposes to provide the Senator with a reply which merely says the in accordance with the legal precedents of the Senate and of the Appropriatic Committee matters pertaining to the Intelligence Operations Subcommittee which has jurisdiction over CIA are handled in executive session and are no made public. I made several suggestions such as quoting Secretary of State Rusk's response to a question from Senator Margaret Chase Smith along the lines and excerpts from the Director's recent speech, but Woodruff felt the would only tend to encourage followup correspondence from Hancock. It was agreed that he would stay with the response he originally proposed. Accompanied Messrs. Duckett, DDS&T, and FMSAC, to a briefing of Chairman George P. Miller (D., Calif. and Charles F. Ducander, Executive Director and Chief Counsel, House Science and Astronautics Committee. The briefing updated the Soviet space program and discussed in brief the Soviet SST program. I told Miss Brown that I thought her best bet would be to check with SAC directly, but that since the Senator had asked her to contact us I would see what useful information could be turned up. Later, based on the advice of DDI, I left a message for Miss Brown recommending that she get in touch directly with SAC.

25X1A	1. I advised Bill Woodruff, Senate Appropriations Committee staff, on an informal basis of the decision which has been reached
	in favor of the Agency's I told him we did not know
	at this point in what form the Committee would receive a formal response.
	Woodruff thanked me for keeping him informed. Referring to the original
	briefing which Mr. Duckett gave him in which he said he thought he could
	still live within the fiscal 1972 budget estimates, Woodruff said he would
	like Mr. Duckett to check on this again and let him know if any revision was
	necessary. He added that in this respect he would be much more inclined
	to follow the advice of Duckett than that of John McLucas.
25X1A	2 Tom Dine, Legislative Assistant to Senator
	Frank Church (D., Idaho), called to say that he and Michael Gertner, Legisla-
	tive Assistant to Senator William B. Saxbe (R., Ohio), would like to have an
	Agency briefing on the Russian-Indian pact. I asked Dine for his indulgence
	and suggested this was a matter on which they should be briefed by the State
	Department, that they were in the best position to do this. Dine commented
	this wasn't the case when he was in the embassy in India, but he accepted our
	suggestion in good grace. I added that we had planned to have Mike Gertner
	out to lunch some day and perhaps he and Gertner could come out together.
	He expressed interest and appreciation for this and I told him I would follow
	up on it.

25X1A	3. DIA, called to say 25X1A
	that Bill Cook, on the staff of the House Armed Services Committee, would
	be traveling in the Soviet Union between 20 and 27 October. Wood said that
	since we had granted Cook compartmented clearance access, we would
	probably want to debrief him before his trip. I told him we would follow up
	on this unless I let him know to the contrary.

Page 2 Journal - Office of Legislative Counsel 25X1A Monday - 20 September 1971 Met with Ed Braswell and John Goldsmith, of the Senate Armed Services Committee staff, who told me that apparently Senator Symington will now plan to concentrate on legislation imposing a monetary limit on expenditures in Laos rather than his legislation limiting the definition of "local force's." I provided Goldsmith, who is preparing notes for Senator Stennis' use, with guidance regarding the various levels of sensitivity of material contributed by us. Lunched with Bill Woodruff, Counsel, Senate Appropriations Committee, and reviewed problems relating to our operations Informed Miss Jo Anne Glisson, in the office of Representative Paul Rogers (D., Fla.), that Philip Vandivier would be the appropriate State Department official to participate in the meeting which and I had scheduled with Mr. Rogers for Wednesday afternoon to discuss drug traffic in Southeast Asia. Jim Woolsey, General Counsel, Senate Armed Services Committee, said he and Ed Braswell would like to be brought up-todate tomorrow afternoon or Wednesday on recent developments (over the past

two to three months) regarding the Soviet ICBM, ABM, SLBM, and manned aircraft programs. He said they would like to cover both deployment and research and development, and would therefore like to hear from both DDS&T
